## Maintenance Technician of the Year Criteria for 2018

In an effort to encourage more participation, CBA has totally revamped and streamlined the selection process for (one of) the association's highest honor(s): Maintenance Technician of the Year.

A point's system has been established to prevent bias in the selection process. The submission process has been streamlined to considerably reduce the time CBA Company owners need to devote to assembling their nominee packets. We hope this will encourage more companies to submit nominations of employees who they believe to be worthy of association recognition.

Nominees can earn points by attending CBA Maintenance Seminars as well as other training programs. Points are also assigned for a "clean" DMV report and for the classification of the nominees' CDL. Nominees earn additional points for the number of years they have been in the bus industry, and for the number of years they have been mechanics. Possession of mechanic certifications and completion of training courses outside of CBA will also earn points. Finally, improvements at the employer's company and written evaluations from employers will add points to nominee's scores.

Following is the new selection criteria and point awards for CBA Maintenance Technician of the Year.

1. Attended CBA Maintenance Seminars..... 15 points each - maximum 30 points
2. Department of Motor Vehicles Printout Clean Report..... 10 Points
3. Driver's License Classifications and Endorsements  
Class B - ..... 10 Points  
SPAB ..... 5 Points  
Passenger Endorsement ..... 5 Points
4. Training Classes outside CBA (attended within a two-year period)  
Points per class - ..... 5 points per class -maximum 20 Points
5. Repairs & service applicant is qualified to perform  
Points per certification - ..... 5 points per class -maximum 40 Points
6. Did applicant take the maintenance seminar test..... 10 Points
7. Innovations or Improvements for the applicant's employer.....Maximum 30 Points
